D D Well I heard it on the late-night radio  
 G A For the umpteenth time headin' from LA to the Florida coast  
 D I was in between black coffee and shifting gears

D When the second verse took a turn and brought me to tears  
 G A They were talkin' about love, I do and forever  
 D And how two people ought to stay together

A Well the music hit me but the singer's got it all wrong

D D unwrite that song unwrite that song  
 G

D A 'Cause what he's saying to me don't go with that melody  
 D D Unsing them lines about those happy times  
 G A don't they know she's gone unwrite that song

D D Well it was 3 AM and she was cryin' and her eyes were all red  
 G A When that music video came on and she sat up in her bed

D D She grabbed that whiskey bottle poured one last shot  
 G A And threw that empty glass at the TV and screamed

D D unwrite that song unwrite that song  
 G  
 D A 'Cause what he's saying to me don't go with that melody  
 D D Unsing them lines about those happy times  
 G A don't they know he's gone unwrite that song

 G D Well there was a time that I believed all those words were true
