

M Blue - I Wish You Realise

tom:
 G
 C
 Did someone steal all your memories
 Em
 Can you at least remember something
 F
 About how we cared for eachother
 G
 Oh wait that was an another
 C
 Why do you barely look at me
 Em
 Is for the blame of ignoring me
 F
 I hate seeing your face on my phone
 G
 Will this shit last for any long
 C
 I wish you realise
 Em
 That you were part of my life
 F G
 And that you can't leave from day to night
 C
 I wish you realise
 Em
 That I miss you really bad
 F G
 And admit that what we had was very nice
 C
 I don't wanna think about us
 Em
 As if we never been that close
 F
 I never had a friend like you
 G
 And now you have more than two
 C

I swear I don't know why you did
 Em
 That thing of stopping talking to me
 F
 I know that it's not my fault
 G
 You are the only one to blame for
 C
 I wish you realise
 Em
 You made the mistake of your life
 F G
 And that is hard not gossiping at night
 C
 I wish you realise
 Em
 That this is becoming really bad
 F G
 And that losing eachother is not really nice
 C Am
 Oh-oh
 F G Em
 Oh-oh
 Am F
 Oh-oh
 G Em Am
 Oh-oh
 G
 Oh
 C
 I wish you realise
 Em
 That I liked you in my life
 F G
 And that sometimes I think about you in the night
 C
 I wish you realise
 Em
 You wanna talk to me when you're bad
 F G
 And that this distance is everything but nice
