

# M Blue - I Wish You Realise

tom:  
 G  
 C  
 Did someone steal all your memories  
 Em  
 Can you at least remember something  
 F  
 About how we cared for eachother  
 G  
 Oh wait that was an another  
 C  
 Why do you barely look at me  
 Em  
 Is for the blame of ignoring me  
 F  
 I hate seeing your face on my phone  
 G  
 Will this shit last for any long  
 C  
 I wish you realise  
 Em  
 That you were part of my life  
 F G  
 And that you can't leave from day to night  
 C  
 I wish you realise  
 Em  
 That I miss you really bad  
 F G  
 And admit that what we had was very nice  
 C  
 I don't wanna think about us  
 Em  
 As if we never been that close  
 F  
 I never had a friend like you  
 G  
 And now you have more than two  
 C

I swear I don't know why you did  
 Em  
 That thing of stopping talking to me  
 F  
 I know that it's not my fault  
 G  
 You are the only one to blame for  
 C  
 I wish you realise  
 Em  
 You made the mistake of your life  
 F G  
 And that is hard not gossiping at night  
 C  
 I wish you realise  
 Em  
 That this is becoming really bad  
 F G  
 And that losing eachother is not really nice  
 C Am  
 Oh-oh  
 F G Em  
 Oh-oh  
 Am F  
 Oh-oh  
 G Em Am  
 Oh-oh  
 G  
 Oh  
 C  
 I wish you realise  
 Em  
 That I liked you in my life  
 F G  
 And that sometimes I think about you in the night  
 C  
 I wish you realise  
 Em  
 You wanna talk to me when you're bad  
 F G  
 And that this distance is everything but nice  
 C
