

Mac Demarco - For The First Time

Tom: Eb

While she's been away
 Living day-to-day has been tough
 I found her at my side
 Simply being alive's been rough
 You know she won't be gone forever
 There are many times I find it feels that way
 And I'm not trying to forget her
 Just understand how I'll be feeling on that day

 It's just like seeing her for the first time again
 It's just like seeing her for the first time again

The time she's not around
 Somewhere out-of-town has been hard
 But somehow this old heart found time to work it out this far
 No, I know she's coming home soon
 There are times I find it hard to feel that way
 It's not inside me to forget her
 Just understand how I'll be feeling on that day

 It's just like seeing her for the first time again
 It's just like seeing her for the first time again
 It's just like seeing her for the first time again
 It's just like seeing her for the first time again
