sei que vou , um dia desses vou me embora pro interior
nessa cidade de concreto vou virar robô
naturalmente tudo isso vai mudar
veja bem , ja não existe mas espaço pra se caminhar
milhões de carros,automoveis rodam sem parar

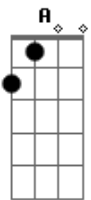

e quem tem perna não vai ter colher de chá
soam buzinas,motores pelas avenidas
numa guerra tremenda de choques que coisa infernal !!
vamos fugir do cansaço dos anos vividos
ande logo meu bem,que o trem ja vai apitar

adeus cidade de aço concreto
adeus fantasia
adeus maria,joão e josé
adeus carnaval
adeus carnaval
