

Madilyn Bailey - Set It All Free

Tom: Gb

I followed my heart into the fire
 Got burned, got broken down by desire
 I tried, I tried but the smoke in my eyes
 Left me blurry, blurry and blind
 I picked all the pieces up off the ground
 Got dirt on my fingers but that's gone now
 Got the glue in my hands and sticking to the plan
 To the plan that says: I can

Do anything at all
 I can do anything at all

This is my kiss goodbye
 You can stand alone and watch me fly
 Cause nothing's keeping me down
 Gonna let it all out
 Come on and say right now, right now, right now
 This is my big hello
 Cause I'm here and never letting go
 I can finally see, it's not just a dream
 When you set it all free, all free, all free
 Set it all free
 I was a girl caught under your thumb
 But my star's gonna shine brighter than your sun
 And now I reach so high and shoot so far
 Gonna hit, gonna hit, hit every target
 Make it count this time
 I will make it count this time

This is my kiss goodbye
 You can stand alone and watch me fly

Cause nothing's keeping me down
 Gonna let it all out
 Come on and say right now, right now, right now
 This is my big hello
 Cause I'm here and never letting go
 I can finally see, it's not just a dream
 When you set it all free, all free, all free

Set it all free
 When you set it all free

[Solo]

This is my kiss goodbye
 You can stand alone and watch me fly
 Cause nothing's keeping me down
 Gonna let it all out
 Come on and say right now, right now, right now
 This is my big hello
 Cause I'm here and never letting go
 I can finally see, it's not just a dream
 When you set it all free, all free, all free

Set it all free
 (Set it all free)
 Just set it all free
 (Just set it all free)
 Just set it all free
