

Madonna - Falling Free

Tom: A
Intro: Bm D A E

Bm D
When I move a certain way
A E
I feel an ache I've kept at bay
Bm D
A hairline break this aching hold
A E
A metal that I thought was gold

Bm
And pure so sure it struck a vein
D
I wanted you to feel the same
A
So when you did ignite his heart
E
Rescue me from all this dark
Bm
See our hearts are intertwined
D A
Then I'm free, free of mine
E
I'm falling free

Bm D
And see our hearts are intertwined
A E
And then I'm free, I'm free of mine
Bm D
Deep and pure our hearts align
A E
And then I'm free, I'm free of mine

Bm D
When I raise a certain wing
A E
And crawl beneath that growing thing
Bm D
It throws a shadow over time
A E
And keeps yours falling next to mine

Bm
Your days were meant to fly anew
D
I fall and fold mine into you
A
And what you take is just enough
E
And what you give is what I love
Bm
And when you lift you raise the sail
D A
And then I'm free, free to fail
E
I'm falling free

Bm D
Deep and pure our hearts align
A E

And then I'm free, I'm free of mine
Bm D
When I let lose the need to know
A E
Then we're both free, we're free to go

Bm D
When I lose a certain claim
A E
That tries to know and needs to blame
Bm D
Whatever river runs aground
A E
It turns my head and washes down

Bm
The face of God that stands above
D
Pouring over Hope and Love
A
That all of might, and life, and limb
E
Could turn around and love again
Bm
When I let lose the need to know
D A
Then we're both free, free to go
E
I'm falling free
