G F  
Down down down in your heart  
G Am  
Find find find the secret  
G F  
Turn turn turn your head around  
G Am G  
Baby we can do it, we can do it all right

F G  
Do you believe in love at first sight?  
Am G  
It's an illusion, I don't care  
F G  
Do you believe I can make you feel better?  
Am G  
Too much confusion, come on over here

F G  
Can we get together?  
Am G  
I really, I really wanna be with you  
F  
Come on check it out with me  
G Am  
I hope you, I hope you feel the same way too

G F  
I searched, I searched, I searched my whole life  
G Am  
To find, to find, to find the secret  
G F  
And all I did was open up my eyes  
G Am G  
Maybe we can do it, we can do it all right.

F G Am G  
Do you believe that we can change the future?
