

Madonna - Mother and Father (Acústica)

Tom: C

Dm **C** **G**
 There was a time I was happy in my life
Dm **C** **G**
 There was time I believed I'd live forever
Dm **C** **G**
 There was a time that I prayed to Jesus Christ
Dm **C** **G**
 There was a time I had a mother it was nice

Am **Dm** **G**
 Oh mother why aren't you here with me
Am **Dm** **G**
 No one else saw the things that you could see
Am **Dm** **G**
 I'm trying hard to dry my tears
Am **Dm** **G**
 Yes father you know I'm not so free

Dm **C** **G**
 Nobody else would ever take the place of you
Dm **C** **G**
 Nobody else could do the things that you could do
Dm **C** **G**
 No one else I guess could hurt me like you did
Dm **C** **G**
 I didn't understand I was just a kid

Am **Dm** **G**
 Oh mother why aren't you here with me
Am **Dm** **G**
 No one else saw the things that you could see
Am **Dm** **G**
 I'm trying hard to dry my tears
Am **Dm** **G**
 Yes father you know I'm not so free

Am
 I got to give it up
Dm **G**
 Find someone to love me
Am
 I got to let it go
Dm **G**
 Find someone that I can care for
Am
 I got to give it up
Dm **G**
 Find someone to love me
Am

I got to let it go
Dm **G**
 Find someone that I can care for

Am
 My mother died when I was five
Dm **G**
 And all I did was sit and cry
Am
 I cried and cried and cried all day
Dm **G**
 Until the neighbours went away
Am
 They couldn't take my loneliness
Dm **G**
 I couldn't take their phoniness

Am
 My father had to go to work
Dm **G**
 I used to think he was a jerk

Am
 I didn't know his heart was broken

Dm **G**
 And not another word was spoken

Am
 He became a shadow of

Dm **G**
 The father I was dreaming of

Am
 I made a vow that I would never need another person ever

Dm **G**
 Turned my heart into a cage a victim of a kind of rage

Am **Dm** **G** (2X)

Am
 I've got to give it up

Dm **G** **Am**
 Find somebody to love

Dm **G**
 Find someone that I can care for

Am
 I got to give it up

Dm **G**
 I got to give it up

Am
 I got to give it up

Dm **G**
 I got to give it up

Dm **G**
 I got to give it up
