

# Madonna - Spanish Eyes

Tom: C  
Intro: Am C Dm F Bb C Dm F C G F Am

I know for sure his heart is here with me  
Though I wish him back, I know he cannot see  
My hands trembling, I know he hears me sing

Chorus:  
I light this candle and watch it throw  
Tears on my pillow

And if there is a Christ, he'll come tonight

To pray for Spanish eyes  
And if I have nothing left to show but  
Tears on my pillow

What kind of life is this if God exists  
Then help me pray for Spanish eyes

He had to fight like all the rest

In the barrio all the streets are paved with fear  
I don't understand at least he was a man

Chorus

Am F Dm G

Intermediate:  
How many lives will they have to take?

How much heartache?  
How many suns will they have to burn?

Spanish eyes  
When will they ever learn?

Solo: Am C Dm F Bb C Dm F C G F Am

You were not the Maravilla in our minds  
We were proud to fight but we cannot win this blind  
Stand your guns against the wall  
Who's next in line to fall

Chorus

Spoken:

(Am F Dm G)

Tus lagrimas de tristeza  
No me dejan olvidarte
