

Madrugada - Majesty

```
tom:
Intro: Gm
So am I
Good or bad
The way that things did turn out 
Eb Gm
I did only make you sad
And we cried and we cried
     Bb
On the phone
Oh but in my mind
       Eb
You were never that all alone
Oh you were majesty
Your roads were heavy
And your longing was cutting through bone
So am I
Am I good or bad
Could only awake your anger
        Fb
I could only make you mad
Now was that how you showed me
That you were still so young and bold
```

Anyway those fights did drive me Fb And I was dying of thirst and I wasn't growin' old Oh you were majesty Your ropes were heavy And your roads were very cold F Eb Gm Oh, oh, oh majesty But in my mind I could still climb inside your bed And I could be victorious Still the only man to pass to the glorious arch of your head 0-oh Oh you were majesty Your ropes were heavy And your cheeks were very red Oh you were majesty And it's like I said That spirit, is now dead F Eb Gm Oh, oh, oh Majesty
