

Maggie Lindemann - Couple Of Kids

tom:
Capostrate na 4ª casa

Am F
Take me back to the night
C G
We met in the yard

Am F
Climbing up to the roof
C G
Hidden in the dark

Am F
With a bottle of wine for two
C G
Though I'm already drunk off you
Am F C G
Then we both fell asleep underneath the stars

[Pré-Refrão]

Am F
We're young and naive, and you're telling me
C G
That some day we'll run off together
Am F
I'm starting to think, I'm stuck in a dream
C G
'Cause we're young and we don't know better

[Refrão]

Am F C
Now I'm falling heavily, recklessly
G Am F
Trying not to lose my sensibility
C G Am
But gravity, it pulls me into you
F C
We're just a couple of kids
G Am
We're just a couple of kids
F C
Sneaking out late for a kiss
G Am
'Cause were just a couple of kids

[Segunda Parte]

Am F
When I'm wrapped in your arms
C G

I never feel a thing
Am F
Livin' life on a whim
C G
there's never a routine
Am F
And it's troubling to live this way
C G
When you never know where you'll stay
Am F
But we live and we learn
C G
I wouldn't change a thing
