

Maggie Lindemann - Would I

```
tom:
Intro: Em G C
I thought if I was older
I'd have less on my shoulders
Em G Bm I can't tell if I'm sad or bored
Most nights I am not sober
C
L.A.'s making me colder
I've got voices I can't ignore
Everything is never enough
If I wasn't afraid of love, yeah
I would've loved ya
If I wasn't so insecure
           Bm
If I wasn't easy to hurt then I wouldn't hurt ya
If all of my friends wanted to jump
Would I, would I?
\begin{tabular}{ll} Em & G \\ \hline \end{tabular} If I could feel nothing, if I could feel numb
Would I, would I?
If I could forget you without all the drugs
Could I, could I?
If all of my friends wanted to jump
Would I, would I, would I?
Would I?
(Em G C)
(Em G Bm C)

Acordes

```
Empty numbers on pay checks
Good days only on weekends
It's so easy to miss the point
Took my patience for weakness
I wish I would have had the choice
Everything is never enough
If I wasn't afraid of love, yeah
I would've loved ya
If I wasn't so insecure
If I wasn't easy to hurt then I wouldn't hurt ya
If all of my friends wanted to jump
Would I, would I?
If I could feel nothing, if I could feel numb

If all of my friends wanted to jump
Would I, would I, would I?
