

Magic! - More Of You

Tom: G

I stare at you, sometimes at night
 Wishing I could just press rewind
 'Cause I just want more
 I get confused, sometimes my skin
 Can't tell where yours stops and mine begins
 In anything, and I just want more
 [Refrão]

More of your days
 More of your nights
 More of your wrongs
 More of your rights
 Whatever you got, I'll take two
 I just want more, more of you ooh
 More of you ooh

What is this hold you got on me?
 Stronger force than gravity
 'Cause I just want more
 'Cause I could spend centuries beside you, behind you
 Inside you, forever love
 It's not enough, I just want more
 [Refrão]

More of your days
 More of your nights
 More of your dark
 More of your light
 If you had a clone, I would love her too
 I just want more, more of you ooh
 More of you ooh
 (G Am F C)
 (G Am F C)

More of your days
 More of your nights
 More of your dark
 More of your light
 Whatever you got, darling give me two
 I just want more, darling, more of you
 [Refrão]
 More of your laughs
 More of your cries
 More of that wisdom
 That lives in your eyes
 In my next life, I'll be looking for you
 'Cause I just want more, more of you ooh
 More of you ooh
 More of you ooh
