

Magic! - Red Dress

(com acordes na forma de G)

Capostrate na 3ª casa

She's tried on everything
 Every little thing inside her closet
 And she knows it's getting late
 Knows that I been waiting and I'm starving
 Cause we been working overtime
 She wants to make a night that we'll remember
 And I'm staring at the time
 Thinking it's alright, put on whatever
 But I've been on my best behaviour
 Pacing back and forth
 And 10 thousand lifetimes later
 When she walks through the door
 I said hey you with the red dress on
 I gotta find a way to take it off
 I got a lot of love and it's growing strong
 When I see you with your red dress on
 You in that red dress
 You in that red dress
 Yeah, it's hard to concentrate

Finish up your plate, she whispers to me
 But I got one thing on my mind
 As they pour the wine and it's consumes me
 But I've been on my best behaviour
 Not to cause a scene
 But when we finally get home later
 It's just you and me
 I said hey you with the red dress on
 I gotta find a way to take it off
 I got a lot of love and it's growing strong
 When I see you with your red dress on
 You in that red dress
 You in that red dress
 I said hey you with the red dress on
 I said hey you with the red dress on
 I said hey you with the red dress on
 I gotta find a way to take it off
 I got a lot of love and it's growing strong
 When I see you with your red dress on
 You in that red dress
 You in that red dress
