

Magic! - Red Dress

Tom: Bb

(com acordes na forma de G)

Capostrate na 3ª casa

She's tried on everything

Every little thing inside her closet

And she knows it's getting late

Knows that I been waiting and I'm starving

Cause we been working overtime

She wants to make a night that we'll remember

And I'm staring at the time

Thinking it's alright, put on whatever

But I've been on my best behaviour

Pacing back and forth

And 10 thousand lifetimes later

When she walks through the door

I said hey you with the red dress on

I gotta find a way to take it off

I got a lot of love and it's growing strong

When I see you with your red dress on

You in that red dress

You in that red dress

You in that red dress

Yeah, it's hard to concentrate

Yeah, it's hard to concentrate

Finish up your plate, she whispers to me

But I got one thing on my mind

As they pour the wine and it's consumes me

But I've been on my best behaviour

Not to cause a scene

But when we finally get home later

It's just you and me

I said hey you with the red dress on

I gotta find a way to take it off

I got a lot of love and it's growing strong

When I see you with your red dress on

You in that red dress

You in that red dress

I said hey you with the red dress on

I said hey you with the red dress on

I said hey you with the red dress on

I gotta find a way to take it off

I got a lot of love and it's growing strong

When I see you with your red dress on

You in that red dress

You in that red dress

You in that red dress

You in that red dress
