

Magne Furuholmen - Envelope

Tom: D

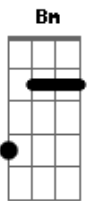

Envelop me
 Darling bring me in
 I am too centered on myself
 You are in everything
 Envelop me
 sweetheart bring me home
 You live like time is precious
 I spend too much alone
 Envelop me
 Honey set me free
 Your weakness is a gift
 My strength my enemy
 Envelop me
 Honey make me safe
 Just meet me anywhere
 Take me any place
 Every word
 Is a book unwritten
 Every sound
 Is a song unsung
 Every moment
 Is a picture taken
 Then it's gone

Then it's gone
 Envelop me
 Darling would you please
 The days are growing shorter
 And with it comes unease
 Envelop me
 Sweetheart make me whole
 You think i'm innocent
 I wouldn't really know
 Envelop me
 Honey please don't wait
 We'll go away somewhere
 We'll start some other place
 Envelop me
 Honey don't let go
 Just give me one more chance
 Give me one more goal
 Every word is book unwritten
 Every sound is a song unsung
 Every moment is a picture taken
 Then it's gone
 Then it's gone
 Then it's gone
 Then it's gone
