

The Magnetic Fields - I Think I Need a New Heart

Tom: G

Verso:

Em C G
Time stands still
All I can feel is the time standing still
As you put down the keys
And say don't call me please
D C
As the radio plays

Refrão:

Em C G
You've lied too
G
but it's a sin that I
Em C G
can't tell the truth

G D
cause it all comes out wrong
C G D
unless I put it in a song
D C
so the radio plays
C G
Cause I always say I love you
D G
When I mean turn out the light
C G
And I say let's run away
D G
When I just mean stay tonight
C G
But the words you want to hear
D G C
You will never hear from me, I'll never say
G D
Happy anniversary
C G D
Never stay to say, Happy anniversary
