

# Maisie Peters - Favourite Ex

Tom: **Bb**

(forma dos acordes no tom de **F**)  
Capostrate na 5ª casa

Intro: **Am F C C**

[Verso 1]

It was open and closing  
And hopelessly hoping for sure  
We were here, we were ghosting  
Both of us coasting on 'just give a little more'

[Pré-Refrão]

It was all out my hands when you pulled the trigger  
And I kissed your friends 'cause your friend said you kissed her  
And I didn't flinch, and the lights didn't flicker and I  
I fell apart

[Refrão]

You were my best nights and worst fights  
And couldn't care less  
You were my gold rush to cold touch  
Favourite ex  
And all of the others cancel out each other  
And it's always you left  
You were my no sleep, cried for weeks  
Favourite ex

( **Am F C C** )

[Verso 2]

It was stabs in the back  
And the nice things you said when you were wasted

I was looking for something  
And changing the one thing you hated

[Pré-Refrão]

It was all out my hands when you pulled the trigger  
And I kissed your friends 'cause your friend said you kissed her  
And I didn't flinch, and the lights didn't flicker and I  
I fell apart

[Refrão]

You were my best nights and worst fights  
And couldn't care less  
You were my gold rush to cold touch  
Favourite ex  
And all of the others cancel out each other  
And it's always you left  
You were my no sleep, cried for weeks  
Favourite ex

[Bridge]

**F**

[Refrão]

You were my best nights and worst fights  
And deepest breaths  
You were my gold rush to cold touch  
Favourite ex  
And all of the others cancel out each other  
And it's always you left  
You were my no sleep, cried for weeks
