

# Major Lazer - Be Together

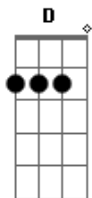

Tom: D

(com acordes na forma de Capostrate na 2ª casa C )

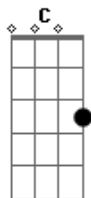

Am Em  
Let me escape in your arms  
G Am  
Baby I'm yours, baby I'm yours  
Am Em  
Love don't come easy at all  
G Am  
I miss you so much, I miss you so much  
Am Em  
Tell me, is this freedom, baby?  
G Am  
Chasing after danger, making my heart race, woah  
Am Em  
Maybe if the stars align, maybe if our worlds collide  
G Am  
Maybe on the dark side we could be together, be together  
Am Em  
Maybe in a million miles, on a highway through the skies  
G Am  
Someday soon we'll be together  
Am Em  
He was a dreamer at heart  
G Am  
Chasing the stars, chasing the stars  
Am Em  
Wings spread to the sun  
G Am  
I miss you so much, I miss you so much  
Am Em

Tell me, is this freedom, baby?  
G Am  
Chasing after danger, making my heart break, woah  
Am Em  
Maybe if the stars align, maybe if our worlds collide  
G Am  
Maybe on the dark side we could be together, be together  
Am Em  
Maybe in a million miles, on a highway through the skies  
G Am  
Someday soon we'll be together  
Am Em  
We'll be together, we'll be together  
G Am  
We'll be together, we'll be together  
Am Em  
We'll be together, we'll be together  
G Am  
We'll be together, we'll be together  
Am Em  
Maybe if the stars align, maybe if our worlds collide  
G Am  
Maybe on the dark side we could be together, be together  
Am Em  
Maybe in a million miles, on a highway through the skies  
G Am  
Someday soon we'll be together  
Am Em  
Maybe if the stars align, maybe if our worlds collide  
G Am  
Maybe on the dark side we could be together, be together  
Am Em  
Maybe in a million miles, on a highway through the skies  
G Am  
Someday soon we'll be together
