

Major Lazer - Be Together

Tom: D

(com acordes na forma de Capostrate na 2ª casa C)

Am Em
Let me escape in your arms

G Am
Baby I'm yours, baby I'm yours

Am Em
Love don't come easy at all

G Am
I miss you so much, I miss you so much

Am Em
Tell me, is this freedom, baby?

G Am
Chasing after danger, making my heart race, woah

Am Em
Maybe if the stars align, maybe if our worlds collide

G Am
Maybe on the dark side we could be together, be together

Am Em
Maybe in a million miles, on a highway through the skies

G Am
Someday soon we'll be together

Am Em
He was a dreamer at heart

G Am
Chasing the stars, chasing the stars

Am Em
Wings spread to the sun

G Am
I miss you so much, I miss you so much

Am Em

Tell me, is this freedom, baby?

G Am
Chasing after danger, making my heart break, woah

Am Em
Maybe if the stars align, maybe if our worlds collide

G Am
Maybe on the dark side we could be together, be together

Am Em
Maybe in a million miles, on a highway through the skies

G Am
Someday soon we'll be together

Am Em
We'll be together, we'll be together

G Am
We'll be together, we'll be together

Am Em
We'll be together, we'll be together

G Am
We'll be together, we'll be together

Am Em
We'll be together, we'll be together

Am Em
Maybe if the stars align, maybe if our worlds collide
