A
Yeah
 They thought that you was a shy girl
 Until I made you my girl
 Girl you pushed me like a big button
 'Til I cuffed you like you did somethin'
 You ain't gotta wait for it
 You ain't gotta wait for me to give you my love
 You ain't gotta wait for it
 Things are gettin' sticky,
 girl I think that I'm stuck
 I'll admit I'm wrong when
 I know that you gon' come for me
 When you gon' come for me, yeah
 Never gonna not not hit that,
 your lovin' is just too deep
 When you gon' come to me, yeah
 And every time you hit my phone,
 and say you need company, oh
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 I'ma run up on you
 Girl you used to bein' quiet
 'Til I brought that loud
 You say your dollars is amountin'
 And your mama your accountant
 You watch your figures, you a big deal
 Got your fresh prince and a big wheel
 Polar mink coat, that's a big kill
 Put you in the foreign like a windshield
 I'll admit I'm wrong when
