

# Malcolm Todd - Chest Pain (I Love)

tom:

A

My chest is hurting, my feet can't fall out of bed  
 I don't know where to go, so I'll lay here instead  
 With my symptoms, symptoms of sorrow and dread  
 They all said it would fade, but again and again

I love, I love  
 I love, I love, I love  
 I love, I love, I love

I've been so busy  
 But now that I'm alone  
 Where did you go?  
 Tell me why  
 Why can't you live at home tonight and stay with me inside?

It's nice  
 Please, I wanna see what we would be if you were by my side  
 Make me feel lonely, soon  
 You might not know me, I wish I could lie

D C7M  
 But I can't deny

My chest is hurting, my feet can't fall out of bed  
 I don't know where to go, so I'll lay here instead  
 With my symptoms, symptoms of sorrow and dread  
 They all said it would fade, but again and again

I love, I love  
 I love, I love, I love  
 I love, I love, I love

I'm hurting, I'm stuck in my bed  
 I don't know where to go, so I'll lay here instead  
 With my symptoms, symptoms of sorrow and dread  
 They all said it would fade, but again and again

I love, I love  
 I love, I love, I love  
 I love, I love  
 I love, I love, I love
