Intro: B

B
I miss laying in the park
                E
I miss the walks out at the dark
You are my first and you'll be the last
              B
I miss the rhythm of your heart
I miss your head laid on my chest
                E
You always said that I was the best

          Dbm
No one ever spoke to me, like you did
  E
And I miss you, babe
    Dbm
And it's hard to take
  E
And I can't be saved

B
And I'm sorry
That I didn't give it all to you
E
I'm sorry
Don't look away cause I gotta say
Abm
I'm sorry
Just hold me cause the words will fade
E
I'm sorry
That I didn't give it all to you

B
I miss the way you say my name
            E
I miss the sofa at your place
We always said that we'd never change
              B
I miss the lines across your face
I miss your head laid on my chest
                E
You always said that I was the best

          Dbm
No one ever spoke to me, like you did
  E
Maybe you still care
    Dbm
But we can't repair
        E
I guess life's no fair
