 Have you ever been in love or
 Have you ever love someone
 Have you ever needed somebody but you had no one
 So baby why don't you stay a little

(C)
 Have you ever been waiting
 Have you ever been below
 Have you ever had a meeting
 and had to come back home

So baby you should stay a little

(2x)
 I would say you aha...

na na nana
 Don't you leave me

and please forgive me for what I didn't let you do

(C)
 Have you ever been in love
 and then got pretty upset
 cause you realized the person wasn't who you met

So baby you should stay a little

So baby you should stay a little

I would say you aha...

na na nana

Don't you leave me

and please forgive me for what I didn't let you do
