

Mallu Magalhães - Town of rock'n roll

Tom: F

(C Bb F)
 Guido started running after fighting with mom
 his feet are burning
 now he's under sun without ceiling
 and silent flying like that old feeling

Flanders' walking home
 kicking little stones
 his feet are burning
 now he's holding all his bones
 and his guitar on his back

Dubble-Z woke up just to see his friends
 He plays music as well and music never ends
 In this town - the folk?n?roll town

[Verso]

(Bb F C)
 Guido needed
 a music miracle
 he's new in town
 in town of rock n roll

D-drums turned lights off
 waiting for night to come
 but they kept waiting
 now the only star shining is the sun
 and I guess the only one

Dubble-Z woke up
 just to see his friends
 he plays music as well
 music never ends
 in this town
 the rock n roll town
