

Mandi Mapes - Where You Are

tom:

Intro: Am F C G

I love you more than words could say

When you're sleeping I'm awake tears on my pillow case

Only one thing matters in this life

Will you make it to the other side and do you believe in bridges

Well I know where you are and I see where you're coming from

Cause I've been there myself put my faith in a man made god I know where you are

[Refrão]

Have you ever seen true love

And do you know what it's made of and where it came from?

Or could it be the world has left you blind

And everyday you pass it by you don't even recognize it

I know where you are I see where you're coming from

I've been there myself put my faith in a man made god I know where you are

[Refrão]

Jesus paid it all

And it is well with my soul

And when the waters rise and the stars fall from the skies

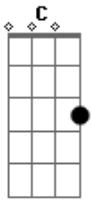

I will not be alone

No I will not be alone

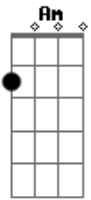

I know where you are I see where you're coming from

I've been there myself put my faith in a man made god I know where you are
