

## **Mando Diao - Crystal**

```
Tom: G
Fade away
All that we have dreamed of
     Am
Bergman said it all
                         G D Am C
The magic is in the fall, so true
When you see him tell him all that you
Don't know
All how much we've grown D
So I cry but like always, I don't feel
That much in here
So I sit by your side just to be near you Am C
Oh lord please don't take him yet
Now you're gone, you're with angels
Am C
I will soon come visit you
And talk about, the time we had together
And our town is filled with tears
Don't feel bad while you're there
```
