

Mando Diao - Major Baby

Tom: G

Major baby, she's the one with a pen
 Writing pieces of papers for me and
 She is down when her parents are
 In the evening she calls me and I'm picking up
 And she says "you're my favourite guy"
 Just wanna be with you
 And she says "you're the one with fire"
 But I know that soon I will wake up and cry
 (G Am Bm Am)

Still on my money, give my soldier the book

Shave my legs, make them laughing at me
 Her love is deep, her mind is for sure
 And she's standing now knocking at my back door
 And she says "you're my favourite guy"
 Just wanna be with you
 And she says "you're the one with fire"
 But I know that soon I will wake up and cry
 Lalalalala
 And she says "you're my favourite guy"
 Just wanna be with you
 And she says "you're the one with fire"
 But I know that soon I will wake up and cry
