

Mando Diao - One Last Fire

tom:

Intro: Dm C F Dm
Dm C F Dm

I will set a spark tonight, I will set a spark tonight
I will make this world ignite, really make this world ignite
Pushing me too hard, can't believe what they're saying
They try to make the wrong seem right
Pushing me too hard with the games they keep playin'
So I light it up tonight

One last fire, gonna leave them all behind
One last fire, leave my troubles down the line
One more fire, pouring from a fallen sky
One more fire, burning out for all their lies

(Dm C F)
(Dm C F Dm)

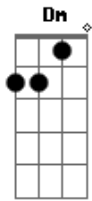

Listen to the roaring sound, listen to the roaring sound
Can you hear the rumblin' ground?
Can you feel the rumblin' ground?
Pushing me too hard, can't believe what they're saying
They try to make the wrong seem right
Pushing me too hard with the games they keep playin'
So I light it up tonight

One last fire, gonna leave them all behind
One last fire, leave my troubles down the line
One more fire, pouring from a fallen sky
One more fire, burning out for all their lies

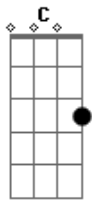

One last fire, gonna leave them all behind
One last fire, leave my troubles down the line

(Dm C F)
(Dm C F Dm)
