

Mando Diao - Sweet Sweet Love

Tom: A

So I called you down by the bright lights

I didn't know you for too long

I was made for loving you child

I was gone for much too soon, so

Sweet sweet love

Sweeter than all the love

What can I do for you

Well, I will always be your

Older love

Older than all the love

Singing your daddy's song

Like it's a song from years ago

Well I guided you so unlawful

I don't even know your type

Well I guided you

Will I ever know your name

Sweet sweet love

Darling my only love

Oh my sweet sweet love

My only love

(A Dbm Bm E A)

Saw your laughing from a window

You were covering my view

I belong to loving you child

You've been gone for much to long

So I called you hadn't noticed

That the days went slow before

Why didn't you know loving you showed

I'd been gone for much too long

Didn't know you when I saw you

Walking with a another man

How can I be so afraid of

All the life that I was feared

Sweet sweet love

Sweeter than all the love

What can I do for you

Well, I will always be your

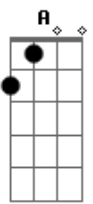

Older love

Older than all the love

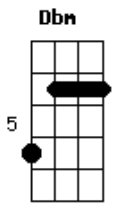

Singing your daddy's song

Like it's a song from years ago
