

# Mandolin Orange - Old Ties And Companions

Tom: G

Old man give me endless time  
 never let these times sever  
 breaking bottles in the yard  
 never steal my time again  
 like old ties and companions  
 just sitting on the fence  
 the tunes we carry through the years will change  
 and man that's just enough  
 to keep these ghosts around those haunted few hmmm  
 but old ties and companions

you and I we're just passing through

Solo:

It's a hundred thousand miles of lonely track  
 holding back tomorrow  
 some day I'll hop along and ride it home  
 but old ties and companions  
 you never leave alone  
 so old man give me endless time  
 never let these times sever  
 cause heaven knows in all this fooling 'round  
 these times won't last forever after all
