  Am C G D
Hey Yeah
                                                              Our loves too deep to end that fast and good things come to
will I close my eyes
                                                              those who have
                                                                 G D
       D
will I hold my breath
                                                              to wait
                                                              Am
                                                                              C
will I wanna cry
                                                              I believe it's only time that keeps us from the thing divine,
       D
will our souls connect?
                                                              and when it's
         C
                                                              here you know I'm gonna say
I've been thinking about it when I go to bed, at night I
                                                              wait on my lips
wonder wonder
                                                                                    Am
                                                              I can picture it all, inside my head
will you hold my hand
                                                              just how it's going to feel
                                                                        Em
will you speak a vow
                                                              Am
                                                              but a girl can only dream so much
will the stars be shining in the sky above
                                                              Am
                                                                             Em
                G
                                                              now she wants to make it real - make it real!
will it be your love I've been dreaming of
