(intro) **B B B B**

**B**  
Drove to your house in the hills  
Where I wanted to be **E**  
**B**  
The lights were all on  
And I knew you were waiting for me **E**  
**Gbm**  
And that road became familiar  
Like the mystery shape of your heart **E**

(refrão)  
**Abm B E**  
And I know you loved me in your way  
**Gbm E**  
I?m looking forward to looking back on these days  
**Abm B E**  
And I?m fine, but I?m not okay  
**Gbm E**  
I?m looking forward to looking back on these days

**B E**  
The fog in the morning clouded the world that we knew

**B E**  
It was almost enough being lonely and living for you  
**F**  
And the rain came to our window  
**E**  
And I wish I could?ve stayed

(refrão)

**Abm**  
Let it go  
**B E**  
Let it go sunshine  
**Abm**  
Now you know  
**B E**  
Now you know its time  
**B**  
It?s time

**B B E**  
You were asleep while I gathered my things in the dark  
**B B E**  
The burns on my fingers were all that was left of the spark  
**Gbm**  
Didn?t want to wake you  
**E**  
'Cause I knew I couldn?t say

(refrão)

**F E**  
I?m looking forward to looking back on these days
