

# Mandy Moore - Slummin In Paradise

Tom: G

(intro) D

(verse 1)

I'm a long way off, but still around,  
 Sitting on the couch, i'm watching you.  
 And if i take my time, all the others give in,  
 And you feel like you're standing in line.

I just know that you're worth the wait,  
 It's of no concern,  
 It's a risk i'd gladly take.  
 From time to time.

(chorus)

So, don't worry about yourself at all,  
 I'll hang your work up on my wall,  
 Hose you down and dress you up real nice.  
 With some brand new plans and a fancy car,

Bm

Try to place your superstar,  
 You can tell the story of your life,  
 Without slummin' in paradise.

(verse 2)

I wonder how you feel, or do i?  
 Standing on the corner, how's your view?  
 From the other side, of mr. right.  
 See, it's not a pretty sight alone.

(repeat chorus)

(bridge)

You won't often see this letter,  
 Handed over right away.  
 I know the first time i found you wonderful.

(repeat chorus)

(outro 2x) D Bm A G
