

Marcello Lopes - Ainda

Tom: F

AINDA (Marcello Lopes)
Intro: (Dm Am) 2 vezes

(Dm C)
Ainda
Querida
Seu belo rosto assombra meu sono
A distância atrapalha meus planos
Quando errei...
Fui incapaz de imaginar
Que passaria na vida por tudo que passo
Sozinho confuso, preso sem laços
Agora o amor
Virou uma estrela sem fim
De brilho ruim
Que não se afasta de mim
Arrependido
Eu estou há algum tempo
Não é justo o que faço

Comigo aqui dentro

Errei
Quer saber quem nunca errou
Desde pequeno aprendi que o perdão
É uma sincera prova de amor
Mas você nem escutou
Julgou e condenou

Luz
Meu sol
Morro de frio apesar do calor
Rolo na cama com aquele lençol
Ainda manchado de alegria e dor

C7

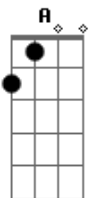

Agora o amor
Virou uma estrela sem fim
De brilho ruim
Que não se afasta de mim
