

Marcos Catarina - H2 Olhos D'água

Tom: D

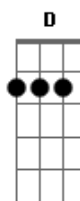

Desenhou se dois olhos dagua
 Sobre um raso leito do rio, rio
 Eram feitos de contos e sonhos
 Emanam água ribeirinha
 Se tornou cada vez mais profundo
 Buscava o aconchego no rio, rio
 Rio mítico flúmen leve e natural
 Curso água guarda a memória ancestral

Vida que habita nossa imaginação
 Água das nossas manhãs
 De mananciais cristalinos
 Rios de tantos caminhos
 Lava os olhos D'água dos meninos
 Homem rio, rio menino
 Quantas águas, tantos destinos
 Rio que toca ao homem
 Menino que toca o rio sorrindo

 Vida que habita nossa imaginação
