

# Marcos Zeeba - Live In The Moment

Tom: B

m [Intro] Bm G D A

When the hopes are over  
 Take the time to breath it all out loud  
 Cause sometimes it's hard to  
 Let it go leave it all behind

But it feels like the time is now  
 Like the time is now (ooh)  
 It's so good when you let it out  
 When you let it out, yeah

We're close to get where we wanted  
 Hold on tight  
 We waited long for this moment  
 It will be alright

And just live, live in the moment  
 And just live, live in the moment

Yeah sometimes it's hard to  
 To know where it all begins  
 But the doors are open  
 And there's time to start all over again

Cause it feel like the time is now  
 Like the time is now, yeah

We're close to get where we wanted  
 Hold on tight  
 We waited a long for this moment  
 We will be alright

We're close to what we need yeah  
 Nothing ever brings me down  
 (Just live, live in the moment)  
 If it's what it's meant to be then  
 (Yeah)  
 Nothing ever brings me down

And just live, live in the moment  
 And just live, live in the moment

Don't you wanna go be somebody  
 And just live, live in the moment  
 Don't you wanna go be somebody  
 And just live, live in the moment  
 I just wanna go, I want somebody  
 And just live, live in the moment  
 And just wanna go home

## Acordes
