

# Marcos Zeeba - Young Again

Tom: D

(forma dos acordes no tom de Db )  
Capostrate na 1ª casa

I'm knocking on your door  
Been standing here for hours  
One last time I need to see your face  
Sang your favorite song  
Tried to buy you flowers  
Feeling down for what I did back then  
I quit my job too soon  
Moved to the city  
Let you all alone  
We were young back then  
Didn't drive you home  
Got drunk and stupid, oh-oh  
[Refrão]

We were young back then  
Now you're all that I can think about, yeah  
Can't remember why I left  
I was wrong when I said I don't care  
( F7M Em Am )  
( F7M Em Am )

[Refrão]  
I was young back then  
Now you're all that I can think about, yeah  
Can't remember why I left  
I was wrong when I said I don't care  
F7M  
I'm knocking on your door  
Been trying this for days  
Em Am  
If I try one more time  
Your neighbors might think I'm insane  
F7M  
I tried to reach her out  
Em  
Then she changed her phone number

Am F7M  
Here I am, I hope it's all it takes  
I should have waited for you  
Em  
We'd move to the city  
Am F7M  
Never be alone, let's be young again  
But I didn't drive you home  
Em Am  
Got drunk and stupid, oh-oh  
[Refrão]  
F7M  
We were young back then  
Em  
Now you're all that I can think about, yeah  
Am F7M  
Can't remember why I left  
Em Am  
I was wrong when I said I don't care  
F7M Em Am  
Let's be young again  
F7M Em Am  
Let's be young again  
F7M  
I was young back then  
Em  
Now you're all that I can think about, yeah  
Am F7M  
Can't remember why I left  
Em Am  
I was wrong when I said I don't care  
F7M  
Tell me what you want  
Em  
Tell me what you need  
Am  
We can be young again  
F7M  
Tell me what you want  
Em  
Tell me what you need  
Am F7M Em Am  
We can be young again  
F7M Em Am  
We can be young again  
F7M  
We can be young again  
Em  
You're all that I can think about, yeah  
Am  
Can't remember why I left  
( F7M Em Am )  
Knocking on your door  
Been standing here for hours  
One last time, I need to see your face
