

# Maria Bethânia - Gás Neon

tom:

Intro: **Bm** **Bm**

Viver essa longa avenida de gás neon

Portas de ouro e prata

Falsos sonhos nessas noites de verão

Faces coloridas, farsas de alegria, beijo sem sabor

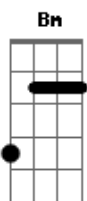

Gestos clandestinos tontos e sedentos de amor

Espinhos, rosas, risos, pranto e tanto desamor

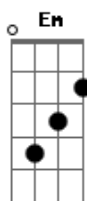

Corte, cicatrizes, gritos engasgados

**Em** **A7** **Em** **A7**  
Lágrimas de dor, máscara no rosto, continua a festa  
**D** **F**  
No sorriso o sal, a orquestra geme as dores do palhaço  
**Dbm** **Gb7**  
Triste marginal  
**B** **Em**  
Ai de quem mergulhar nesse mar de veneno  
**G** **Dbm** **Gb7**  
Nessa lama enfeitada, nesse sangue das taças temendo sofrer  
**B** **Em**  
Ai de quem quer negar esse mar de veneno  
**G**  
Mil vezes maldito na inconsciência  
**Dbm** **Gb7** **Bm**  
Das vidas à margem há de ser
