

# Maria Bethânia - Seu Corpo

tom:

A

No seu corpo é que eu encontro  
 Depois do amor o descanso  
 E essa paz infinita

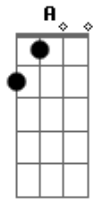

No seu corpo minhas mãos

D

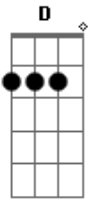

Se deslizam e se firmam  
 Numa curva mais bonita

No seu corpo meu o momento é mais perfeito  
 E eu sinto no seu peito o meu coração bater  
 E no meio desse abraço eu me amasso  
 E me entrego pra você
