

Mariah Carey - Breakdown

Tom: G

(Krayzie)
Gbm7 **Abm7** **Amaj9**
 Break break down,
Gbm7
 Steady breakin me on down,
Abm7 **Amaj9**
 break break down
 Steady breakin me on down, (4x)

(Mariah)
Gbm7 **Abm7**
 You called yesterday
Amaj9
 to basicallly say
Gbm7
 That you care for me,
Abm7 **Amaj9**
 But that you're just not in love
Gbm7 **Abm7**
 Immediately I pretended
Amaj9
 To be feeling similarly
Gbm7
 And led you to believe it was o.k
Abm7 **Amaj9**
 To just walk away from the one thing
 That's unyielding and sacred to me

(chorus)
Gbm7
 Well I guess I'm trying to be
Abm7
 Nonchalant about it
A7M
 And I'm going to extremes to prove
 I'm fine without you
Gbm7 **Abm7** **A7M**
 But in reality I'm slowly losing my mind

Underneath a disguise of a smile
 Gradually I'm dying inside
Gbm7
 Friends ask me how I feel
Abm7
 And I lie convincingly
Amaj9
 Cause I don't want to reveal
 The fact that I'm suffering
Gbm7 **Abm7**
 So I wear my disguise
Amaj9
 Till I go home at night
 And turn down all the lights
 And then I break down and cry

(Mariah)
 So what do you do
 When somebody you're devoted to
 Suddenly just stops loving you
 And it seems they haven't got a clue
 Of the pain that rejection is putting you through
 Do you cling to your pride
 And sing "I will survive"
 Do you lash out and say "How dare you leave this way?"

Do you hold on in vain as they just slip away

(Wish)
 Yeah, c' mon, yeah, c' mon, c' mon

Well I guess I'm trying to be
 Nonchalant about it
 And I'm going to extremes to prove
 I'm fine without you
 But in reality I'm slowly losing my mind
 Underneath the disguise of a smile
 Gradually I'm dying inside
 Friends ask me how I feel
 And I lie convincingly
 Cause I don't want to reveal
 The fact that I'm suffering
 So I wear my disguise
 Till I go home at night
 And turn down all the lights
 And then I break down and cry

(Wish)
 Better break it down
 Or if for your lady
 Everday the situation is on my mind
 Tryin' to break me down
 But I won't let it
 Forget it (forget it)

(Krayzie)
 I'll be feelin' like it gonna break me down
 Turnin' me around
 Stressin' me out
 I'm thinkin' it gonna get out
 And let me release some stress (stress)

(Wish)
 Don't ever wanna feel no pain (pain)
 Hoping for the sun
 But it looks like rain (rain, rain, rain)
 Oh, I just wanna maintain

(Krayzie)
 Yeah, I'm feelin' prescious, yo
 But never the less
 Krayzie won't fall
 Sober, is headin near (near)

Well I guess I'm trying to be
 Nonchalant about it
 And I'm going to extremes to prove
 I'm fine without you
 But in reality I'm slowly losing my mind
 Underneath the guise of a smile
 Gradually I'm dying inside
 Friends ask me how I feel
 And I lie convincingly
 Cause I don't want to reveal
 The fact that I'm suffering
 So I wear my disguise
 Till I go home at night
 And turn down all the lights
 And then I break down and cry
