

Mariah Carey - When You Believe

```
trough hope is frail, it's hard to kill
                                                                Who knows what miracles you can achieve
                           Gbm
Many nights we pray, with no proof anyone could hear,
                                                                                    AM7
                                                                            Abm
                                                                when you believe, somehow you will,
in our hearts a hopeful song, we barely understood.
                                                                            B E
                                                                you will when you
                          Gbm
Now we are not afraid, although we know there's much to fear,
             Gm
                         Em
                                           Gbm
we were moving mountains long before we know we could. Oh, yes They don't always happen when you ask,
                                                                       Dbm
                                                              and it's easy to give in to your fear.
   There can be miracles
                             when you believe,
                   Gbm
                                Gm
   though hope is frail, it's hard to kill.
                                                              But when you're blinded by your pain,
   Who knows what miracles
                               you can achieve
                                                              can't see your way safe through the rain,
              Gbm
                     Gm
   when you believe, somehow you will,
                                                                                                            C#sus4
                                                              as though a still resilient voice says, love is very near.
   you will when you believe.
                                                                  There can be miracles
                                                                                          when you believe,
                                                                                             BM7
(Mariah)
                                                                                  Bbm
                                                                  though hope is frail, it's hard to kill.
In this time of fear, when prayer so often proves in vain,
                                                                  Who knows what miracles
                                                                                             you can achieve,
                                                                                          BM7
                                                                             Bhm
                      Gm
                                  Fm
hope seems like the summer birds, too swiftly flown away.
                                                                  when you believe, somehow you will, somehow you will,
                                Gbm
                                                                 you will when you believe.
And now I am standing here, my heart's so full I can't
                                                                                C#sus4
                                                                 You will when you
                                   Fm
                                                                                       believe,
                  Gm
seeking faith and speaking words, I never thought I'd say.
                                                              you will when you believe, just believe
                                                              just believe,you will when you
 There can be miracles
                          when you believe
                             AM7
                 Abm
