

## Marian Hill - Back To Me feat. Lauren Jauregui

```
(com acordes na forma de G )
Capostraste na 5º casa
 [Verse]
I've been looking at you with a little something
That you've been ignoring
You've been looking at me with it
I don't know what exactly but it's boring \stackrel{\mbox{\footnotesize Em}}{\mbox{\footnotesize C}}
Play it cool, but I see through it
You should listen to the music
Boy, I know you want it so you better get up on it
Or you'll lose it, lose it, lose it
[Pre-Chorus]
Mind if I slow you down?
No reply, you'll come round
[Chorus]
Love to watch you try and turn your back to me
But I know that any minute you'll be back to me
Back, back, back to me
Back, back, back, back, back to me
Love to watch you try and turn your back to \ensuremath{\mathsf{me}}
But I know that any minute you'll be back to me
Back, back, back to me
```

## **Acordes**

```
Back, back, back, back, back to me
[Verse]
  Em
Baby, could you shut up?
Cause I don't need you to come up with excuses
I just need your eyes on me
So I can see you watching me move it, move it
So soft and cryptic
Oh, while you listen to the music
          Em
Boy I know you want it so you better get up on it
Or you'll lose it, I'll prove it
[Pre-Chorus]
Em C G
Mind if I take you down?
 Em C G D
Get you high, am I allowed?
[Chorus]
Love to watch you try and turn your back to me
But I know that any minute you'll be back to me
Back, back, back to me
Back, back, back, back, back to me
Love to watch you try and turn your back to me
But I know that any minute you'll be back to me
Back, back, back to me
Back, back, back, back, back to me
```
