[Verse]

Em I've been looking at you with a little something C
G D
That you've been ignoring
Em You've been looking at me with it C D
I don't know what exactly but it's boring
Em Play it cool, but I see through it C
G D
You should listen to the music
Em Boy, I know you want it so you better get up on it C
G D
Or you'll lose it, lose it, lose it

[Pre-Chorus]

Em C G D
Mind if I slow you down?
Em C G D
No reply, you'll come round

[Chorus]

Em C
Love to watch you try and turn your back to me
G D
But I know that any minute you'll be back to me
Em C
Back, back, back to me
G D
Back, back, back, back, back, back to me
Em C
Love to watch you try and turn your back to me
G D
But I know that any minute you'll be back to me
Em C
Back, back, back to me
G D

Back, back, back, back, back, back to me

[Verse]

Em
Baby, could you shut up?
C G D
Cause I don't need you to come up with excuses
Em
I just need your eyes on me
C G D
So I can see you watching me move it, move it, move it
Em C
So soft and cryptic
G D
Oh, while you listen to the music
Em C
Boy I know you want it so you better get up on it
G D
Or you'll lose it, I'll prove it

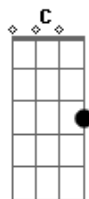

[Pre-Chorus]

Em C G D
Mind if I take you down?
Em C G D
Get you high, am I allowed?

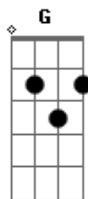

[Chorus]

Em C
Love to watch you try and turn your back to me
G D
But I know that any minute you'll be back to me
Em C
Back, back, back to me
G D
Back, back, back, back, back, back to me
Em C
Love to watch you try and turn your back to me
G D
But I know that any minute you'll be back to me
Em C
Back, back, back to me
G D
Back, back, back, back, back, back to me
