

# Mariana Tereso - Utopia

tom:

Am G

Dreaming of a place like

Where all the fairytales are

Without worries or fears

Am G

All the pretty clouds up there

While we gotta stay in despair

Just looking for a place

Am G

A place where we all fit in

A place where we can be who we want

A place where our ghosts won't haunt us

A place I know everything's gonna be alright

A place where I could've only dreamt of

A place where I could've only feel what

And I don't know I don't know I don't know

Am

So I'm creating a space

Right in my mind

Where I can build what I want

And see what we are

The raw and beautiful us

Like the Sun the Moon and the stars

( Am G Em F )

Am

With the feel of the weekend

G Em

All year long
