Fig. 4

=====

=====

Intro: (w/slow attack)

=====

Verse 1 (wig. 1 & 2)

=====

Drive the road to your surrender
 Time comes around... out of my hands
 Small boats on the beach at the dead of night
 Come and go before first light
 Leave me running in the wheel
 King of the world

Bridge (wig. 3)

=====

How do you feel?
 What is there to feel?

Chorus (wig. 4)

=====

So how do we now come to be
 Afraid of sunlight?
 Tell me girl why you and me
 Scared of sunlight?

Verse 2 (wig. 1 & 2)

=====

Been in pain for so long
 I can't even say what hurts anymore
 I will leave you alone
 I will deny

Bridge (wig. 3)

=====

I will leave you to bleed
 I will leave you with your life
 Chorus (wig. 4)

=====

So how do we now come to be
 Afraid of sunlight?
 Tell me girl why you and me
 Scared of sunlight?

Interlude (wig. 4)

=====

All your spirit rack abuses
 Come to haunt you back by day
 All your Byzantine excuses
 Given time, given you away
 Don't be surprised when daylight comes
 To find that memory prick your thumbs
 You'll tell them where we run to hide
 I'm already dead
 It's a matter of time

Chorus (wig. 4)

=====

So how do we now come to be
 Afraid of sunlight
 How do we now come to be
 Afraid of sunlight

Guitar Part (played behind vocals)

=====

A.H

Outro

=====

Day-Glo Jesus on the dash
 Chalk marks on the road ahead
 Friendly fire in hostile waters
 Keep the faith
 Don't lose your head

So how do we now come to be?
