

Marilyn Manson - Coma White

Tom: C

(intro e versos)

(continua)

(verso 1)

There's something cold and blank
Behind her smile
She's standing on an overpass
In a miracle mile
Cause you were from a perfect world
A world that threw me away today, today, today
To run away

Am

A pill to make you numb

C

A pill to make you dumb

A pill to make you anybody else

But all the drugs in this world

won't save her from herself

won't save her from herself

Her mouth was an empty cut
She was waiting to fall
Just bleeding like a polaroid
That lost all her dolls
Cause you were from a perfect world
A world that threw me away today, today, today
To run away

Am

A pill to make you numb

C

A pill to make you dumb

A pill to make you anybody else

But all the drugs in this world

won't save her from herself

won't save her from herself

Am

A pill to make you numb

C

A pill to make you dumb

A pill to make you anybody else

But all the drugs in this world

won't save her from herself

won't save her from herself
