NOTE: I know for sure that this song is tuned down cause it's a real fucking heavy

Acordes

ass song but this tab is for a standard tuned 7 string. But if you wanna learn it on a six string, tune it to Wes Borlands tuning (C#,F#,E,B,G#,Db) and play 2 frets down. So if it says 244 on the low B play open Db okay okay.....
Intro:

Chorus ("this is evolution...")

Bridge 1 ("We're are dead..?")

Interlude 2 ("In our space..?")

Outro (Gtr arr. for synth.)

That's it. Love this song, it's just so heavy and I love what Manson did with this song on the Gods, Guns And Government Tour. It's was awseome. Well if you have any comments, corrections, suggestions ToX
