[Letra]

I can tell you what they say in space
 That our earth is too grey
 But when the spirit is so digital
 The body acts this way

That world was killing me
 That world was killing me
 Disassociative

The nervous systems down
 The nervous systems down
 I know

The nervous systems down
 The nervous systems down

I know

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space

Sometimes we walk like we were shot
 Through our heads, my love
 We write a song in space like
 We are already dead and gone

Your world was killing me
 Your world was killing me
 Disassociative

Your world was killing me
 Your world was killing me
 Disassociative

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space

The nervous systems down
 The nervous systems down
 The nervous systems down
 The nervous systems down

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space

I can never get out of here
 I don't want to just float in fear
 A dead astronaut in space
